Oversight Options

24/7 COVID HOTLINE

- During an outbreak, employees have an enormous amount of questions - overwhelming HR and EHS departments as the front line for the responses.
- It is important for employers to maintain policies that comply with regulatory bodies as well as fit the unique procedures of their workplace.
- Our 24/7 Covid Hotline is trained on CDC recommendations and customizable to provide guidance to employees on your specific company protocols.

VERBAL CONTACT TRACING INTERVIEWS

- Our Covid 360 basic app enables users to digitally fill out with whom they were in contact and quickly alerts those persons.
- However, studies show that deep verbal interviews by tracers trained through the John Hopkins program yield significantly better results in stopping the spread.

Infrastructure Options

BIOHAZARD WASTE DISPOSAL

- Safely disposing of large volumes of tests can become a burden on any organization.
- Schedule regular pick-up of medical waste materials for your sites.

SHIPPING TESTS TO HOMES

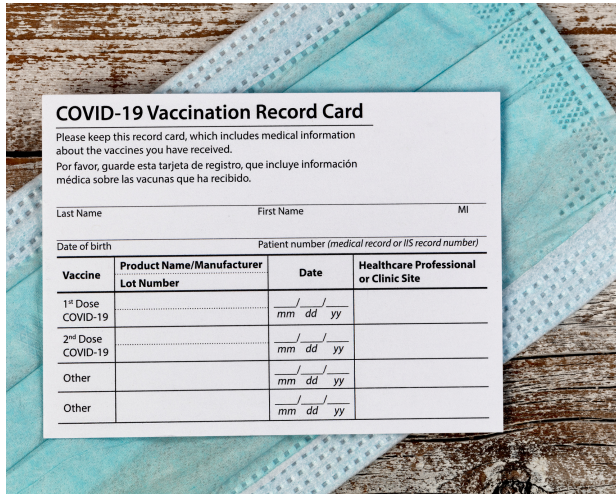

- We can ship test kits in packs or one by one to each of your employees as schedule or as needed.
- We keep track of order inventory and are able to bill your organization or the employee.
- We provide overnight shipping labels for all PCR tests which must be processed by an external laboratory.

SHIPPING TESTS TO SITES

- We ship test kits in bulk anywhere in US.
- We keep track of stock levels and can predict when you will need a new order based on usage of proctoring services.

Risk Management Options

COVID-19 Vaccination Record Card

Please keep this record card, which includes medical information about the vaccines you have received.
Por favor, guarde esta tarjeta de registro, que incluye información médica sobre las vacunas que ha recibido.
