

# Drug Testing

**Be safe, be sure**

What % of Americas using illicit drugs are employed?

**70%**

***Drug testing is effective in preventing accidents, health issues and costs, absenteeism, and litigation***

Patient Report Cards

Aggregate and Individual Data for Employers

Physician Recommended Programs

## Program Overview

We will offer DOT and non-DOT testing. Via this method, we are able to operate at lower costs, faster pace, higher accuracy and larger scale than traditional on-site drug testing companies. We testing for multiple substances, including Amphetamines, Barbiturates, Benzodiazepines, Cocaine, Marijuana (THC), Methadone, Methaqualone (Quaaludes), Opiates, Phencyclidine (PCP), Propoxyphene
