

Information Sheet: Physicals

Description

Medbar provides 30-minute physical exams in a 3-step process which includes a comprehensive health assessment, vital signs and basic biometrics on-site, as well as consulting with a virtual doctor for the last 15 minutes. The exam provides highly accurate results that allows us to operate at lower costs, faster pace, higher accuracy and larger scale than traditional on-site carriers.

Medbar physical exams include: Height; Weight; Blood Pressure; Body Temperature; Respiratory Rate; Blood oxygen level; Pulse; Lung capacity; Heart sounds; Glucose stick (fasting or non-fasting)

Minimum participation guarantee: 40 appointments

Pace per station: Appointment length is 30 minutes

Indoors or Outdoors: Indoors free, outdoors has tenting costs (depending on season and area)

Space requirements: 6 x 6 space per station; unlimited number of stations

Lead time: 3 weeks

Comments: Patient will have access to digital health report
