

Information Sheet: Respirator Fit Test (Qualitative)

Description

Medbar provides qualitative respirator fit testing. This is required by OSHA (Occupational Safety and Health Administration) before a worker wears a mandatory respirator on the job, and must be assessed at least annually. The respirators must seal to the wearer's face in order to provide expected protection. This includes disposable respirators.

Minimum participation requirements: 24 appointments

Pace per station: Appointment length is 10 minutes; 5 to 6 per hour, per technician

Indoors or Outdoors: Indoors

Space requirements: 10 x 10 space per station; unlimited number of stations

Lead time: 3 weeks
